

Graham Lindsay will conduct an Entry-Level Officials Course in Sudbury/Walden on the 14th and 15th of October for Biathlon Ontario.

The course will consist of 6 hours in the classroom, and a two hour confirmation exercise, for which Graham will need the cooperation of 5 -10 athletes, to put the officials through their paces of the range, penalty loop, course, and start/finish area.

The course would be for from 5 to 25 students, with 15 to 20 being the desirable range. Graham will bring a computer and the instructional material. The facilities that are a classroom with a computer projector, and desk/writing space and chair for each student. Each student should bring his/her own snacks and lunch.

The fee will be \$25 for each student, for which they will receive a Biathlon Canada Official's Log Book, an Official's Name Tag, and if successful, the Bronze Badge signifying having completed the Entry Level Course. All students must be members of Biathlon Canada (and Biathlon Ontario) but I leave that up to you and Biathlon Ontario to deal with.
